Brief Information about the Activity

| Topic/ Subject of the Activity: Diploma Course in Aquaculture Commercial Fish Farming and Hatcheries |
|---|
| Objectives: <ul style="list-style-type: none">• To know Basic knowledge of Aquaculture.• To know Basic knowledge of marine and freshwater environmental science and oceanography. |

- Know the Aquaculture and fisheries practices for major species worldwide and locally.
- To know Elements of water quality important to aquaculture.
- To know Principles of health management for aquatic species.
- To know Aspects of nutrition important to growth and health of aquatic species.
- Develop interest in Aquaculture.
- Provide exposure to experiential learning.
- To increase student interest and knowledge about the Aquaculture
- To make students understand the Fish farming.
- To know Basic principles of marketing and food science.
- To know Fishing methods and technology.

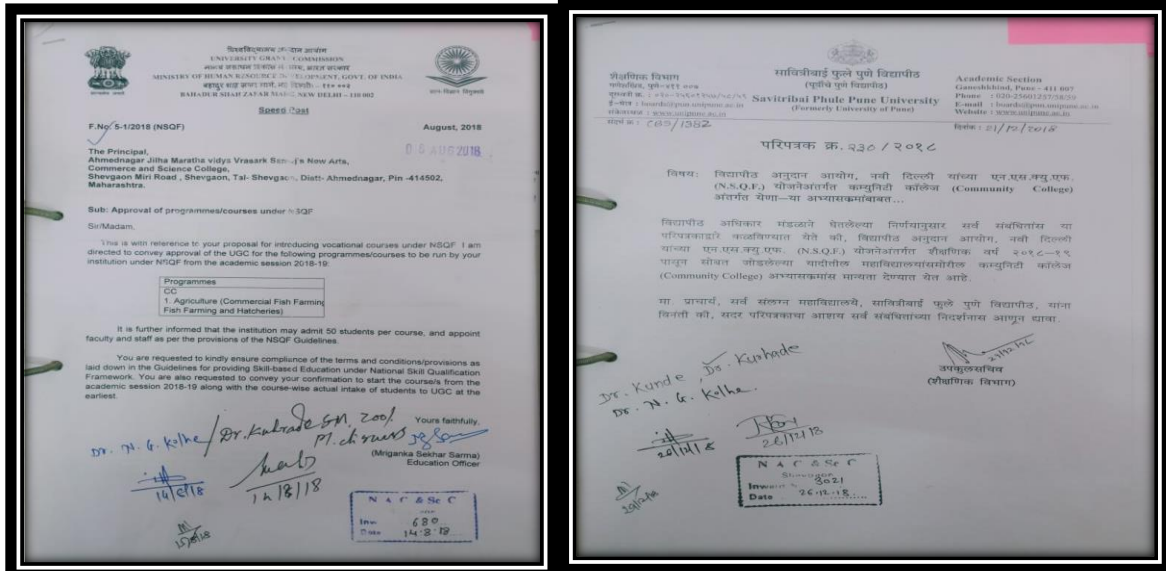

Description of Activity in Brief and Methodology of Execution

- The department of Zoology started **Diploma Course: In Aquaculture Commercial Fish Farming and Hatcheries**. Total 25 students were enrolled to this course. Participants of the course got theoretical knowledge as well as hands on training on Fish Farming. They were oriented about career opportunities available in the field including their own business. Lecture and practical sessions for the course were organized before the regular classes. This course was run under Community College Scheme of the UGC.

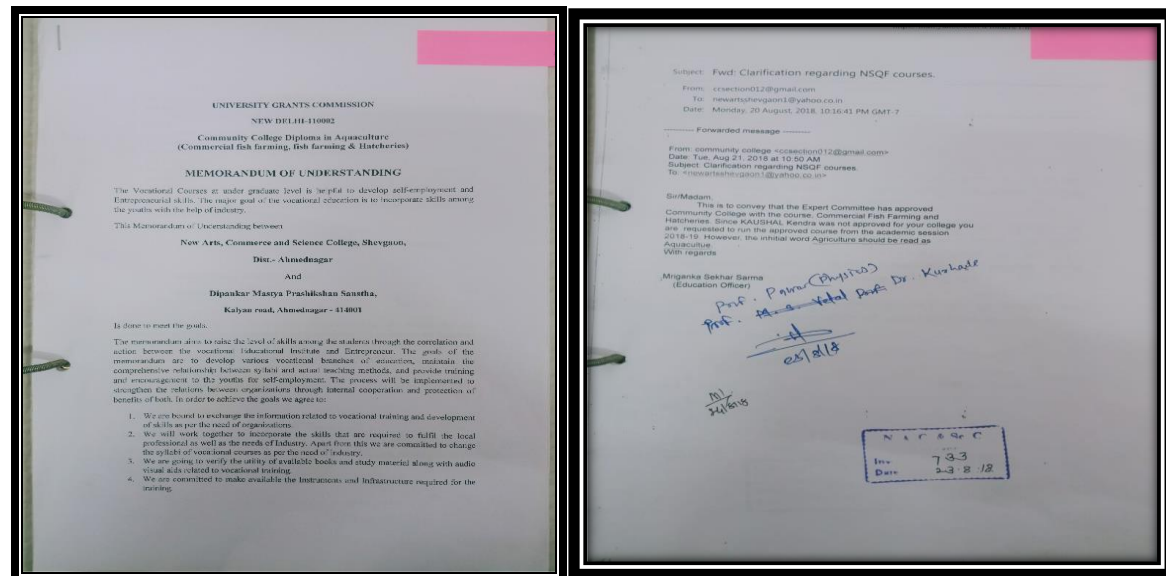

Outcomes:

- Students learn and come to know about different species of fish and their culture and their diversity
- They also know to start small scale fish farming.
- By completing Certificate Course on Aquaculture Commercial Fishfarming and Haturies the students can get jobs.
- There are numerous career or job opportunities in government and the private sector.
- Aspirants can go for entrepreneurship or self-employed in their own fisheries-related business.
- You can see that in every state or country, the government has fisheries department in which you can apply for various posts.
- Aspirants can also do jobs in central government agencies like Marine Product Export Development Authority (MPEDA), Fisheries Survey of India (FSI), NIO, WHO, and many others.
- Degree holders can apply for research projects or can do further study.
- Candidates can find the number of job opportunities in institutions, banks, fishing/oceans and in foreign countries.
