Conservation of Environment and Energy Policy

Introduction:

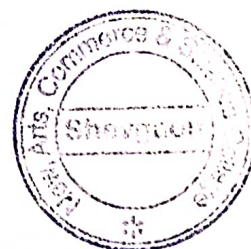

On the backdrop of environment crisis, using alternate sources of energy has become need of the hour. To contribute its share in the sustainable development, college undertakes various measures to save environment. Motivation to use E-Vehicles, Solar Energy and sensor based electrical equipment etc. are some of the measures initiated by the college. College, being committed to save energy and environment has devised a policy of Environment conservation and Energy usage. It ensures strict adherence to the policy by organizing extensive awareness campaigns as well as creating facilities that enable environment conservation and low consumption of energy.

Aims and Objectives:

- To monitor environment conservation
- To promote the use of alternate sources of energy
- To minimise the consumption of traditional sources of energy
- To create pollution free environment and keep the campus fresh and healthy
- To make students and employees aware of environmental depletion
- To take green and clean campus initiatives

Policy: The Environment Conservation and Energy Uses policy includes the following:

- To encourage use of eco-friendly vehicles that use pollution free fuel such as CNG, Battery, bicycles etc.
- To advise students and employees to use public transport facilities
- Organize awareness campaigns to make students and employees aware of recent degradation of surrounding environment
- To discourage the use of vehicles those emit hazardous pollutants
- To make periodical energy audit and take action on suggestions

- To construct new classrooms with good ventilation and natural light
- To promote use of solar energy
- To display energy saving slogans in college campus
- To use energy saving equipment
- To make periodic environment and green audit
- To make systematic waste and water management in campus
- To maintain the campus green, fresh and beautiful by planting new trees every year
- To keep the campus plastic free
- To arouse environmental awareness in college and neighbouring society through organizing rallies, plantation drives
- To water the plants and supply manure regularly so that they survive better
